

STREET AND FLOODING COMMITTEE MINUTES

APRIL 8, 2014

Meeting was called to order at 3:10 pm by Mark Saulka

MEMBERS PRESENT:

Mark Saulka-Chairman

Lucy Theobald-Secretary

Jerry Sredl-Member

CITY RESIDENTS PRESENT:

Bernie Olson—705 N. Elm St. Prospect Heights, IL

The minutes of the March 11, 2014 meeting were approved and submitted to the City Clerk for official stamp.

RESIDENTS COMMENTS:

Mr. Olson stated that he experienced flooding in March mainly due to excessive yard waste such as wood chips and tree limbs and leaves from neighbors' yards which clogged the drainage sewer covers which in turn caused a backup of the rain waters on his property. He questioned the frequency which the City checks the sewers and cleans them to prevent flooding. Mark stated that he would contact the Public Works Department regarding this issue.

UPDATES FROM COMMITTEE:

Mark Saulka met with Steve Skiber (Building and Zoning Director) to discuss updates on City plans for addressing the flooding issues. The drainage problems in Lake Claire have been addressed as well as the other problem areas. He is optimistic that the present drainage problems will be resolved with the present work order projections. Work has already been scheduled for the lesser projects first and the larger projects will be completed as funding is secured.

The meeting was adjourned at 4:00pm. The next meeting will be held at City Hall on May 13, 2014 at 3:00pm.
