The minutes of the April 8, 2014 meeting were approved and submitted to the City Clerk for official stamp.

UPDATES FROM COMMITTEE:

Jerry Sredl made an on site visit to the Olsen property at 705 N. Elm St. in Prospect Hts. regarding debris which blocked sewer drain and subsequent flooding on the property. The creek also runs north of the property parallel to Palatine Rd. and terminates at the park. If there are heavy rains there is a potential of debris spilling over the creek bed onto the private property south of the creek and subsequent blockage of the storm sewer covers. Jerry did speak to the homeowner and suggested he contact the Building and Zoning Department in the future if he has any problems or issues. The citizen is also aware that the committee does not have the authority to make any decisions on these issues but does communicate with the City as appropriate in addressing these issues.

The meeting was adjourned at 3:45pm. The next meeting will be held at City Hall on June 10, 2014 at 3:00pm.
